

Career Services Semi-Annual Report – October 2007

The Career Services Office would like to share with you the recent developments and events during the past six months, which has been a really busy and fruitful period for the office.

Job postings

In the second half of the academic year of 2006/7, altogether 128 vacancies were posted to our students in the Career Services shared folders and emailed to our enrolled students. From this number only 18 mentioned the knowledge of Hungarian as a requirement, i.e. 110 postings were available to our non-Hungarian students. 58% of the non-Hungarian positions offered employment in Hungary, 25% within the region and 17% somewhere else in the world (e.g. Germany, France, UK, Ireland, Qatar).

The vacancies arrived from companies such as **General Motors, Citigroup, Shell, KPMG, IBM, P&G, AT Kearney, British Telecom, National Instruments, MOL, Graphisoft, Arcelor Mittal, Honda, Bloomberg UK, Tesa, Magyar Telekom, Mercer HR Consulting, QS, Internet Securities, Softwin** and recruitment/headhunting firms, such as **Kienbaum, Egon Zehnder, Antal International UK, Apple Search, Randstad** and **ProfiPower**. Students were also informed about various recruitment related events eg. **L'Oreal Career Day**, **Careers in Europe Forum** in Berlin, **Careers in Russia & CIS Recruitment Summit** and the **Accenture Open Evening** in London.

Students also received weekly emails with Top Jobs from QS TopMBA Careers, with solely MBA positions all over the world.

Networking events/Corporate Showcase/CEU Job Fair

Our students were invited to participate in 40 professional and/or networking events, including Viking Club events, workshops and various public lectures held at CEU.

Major companies have also visited our campus to meet and recruit students at our Corporate Showcase sessions: **Google** (Ireland) and **Euromonitor International** (UK) held very successful presentation. Upcoming Corporate Showcases in autumn will include **British-American Tobacco, GE, Deloitte, IBM** and **Kienbaum**. Headhunters of **Accord Group** will be conducting interviews with our students in November here on campus.

We have held the 4th CEU Job Fair - organized together with the Career Services of the main CEU - at the Nador utca campus on 8th June, with the participation of the companies such as **General Motors, IBM, KPMG, Shell, AC Nielsen, Genpact, Colliers International, Ernst&Young Business Academy, Accord Group** (Executive Search), **Focus Consulting** (recruitment), **Randstad** (recruitment), **ProfiPower** (recruitment) and **Allen & Overy**.

Resume Books

The CEU Business School's Resumé Book 2008 will be published in November, with resumé of about 85 current students: all full-time MBA 19 students, along with the resumé of some MSc and Weekend MBA students who would like their profiles to be distributed regionally. The downloadable version of the Resumé Book will also be available from our webpage - for the exclusive use of our headhunter and corporate contacts, from a password-protected page, which is available through the Career Services Office.

Many partner companies have already indicated their interest in this year's Resumé Book - long before its publication - students should expect direct market feedback regarding their resumé and job opportunities from them. Our students are kindly asked to keep the Career Services informed about their career development.

Career consultations

About 140 consultations took place in the past months, providing professional help for enrolled students regarding various career-related issues, eg. resumé and cover letter writing, job search techniques, interview preparation, industry information and corporate contacts.

Alumni Placement

Our recent graduates informed us about their employment at companies such as **Boston Consulting Group, Tesa Tape, Procter & Gamble, British Telecom, Morgan Stanley, Citigroup** and **Royal Bank of Scotland**.

Top MBA membership

CEU BS has partnered with a unique organization, QS TopMBA that brings together over 100 business schools and over 800 international recruiters. By joining the community we are able to offer our students and alumni a suite of career services putting recruiters in touch with talented pool of candidates for their opportunities.
